Brief Description with Outcomes:

Dr. R. Neelaiah, serving as the Programme Officer at Government College for Men (A), Kadapa, initiated an extension activity through the National Cadet Corps (NCC). This environmental awareness campaign, titled "Environmental Promotional Programme," specifically targeted undergraduate students with the aim of reducing air pollution.

Acknowledging the significance of the initiative, Principal provided crucial support during its execution. The event, conducted at the college level on July 13, 2019, involved collaboration with one faculty member and saw the participation of ten students.

Despite the relatively small participation, the activity effectively contributed to promoting awareness about the critical issue of air pollution. The participants engaged in discussions and practical measures to address this environmental concern, aligning with the activity's title.

Dr. Neelaiah's commitment to fostering environmental consciousness among students reflects the college's dedication to holistic education. The key outcomes, centered around the reduction of air pollution, highlight the positive impact of such initiatives on both participants and the surrounding community.

Brief Description with Outcomes:

Dr. R. Neelaiah, the Programme Officer at Government College for Men (A), Kadapa, spearheaded an environmental protection initiative through an Extension Activity conducted by the National Cadet Corps (NCC). The event, held at the college level on July 26, 2019, aimed to promote awareness and action for environmental conservation. Principal support played a pivotal role in the successful execution of this activity.

The NCC-led Extension Activity engaged undergraduate students in activities focused on environmental protection. Dr. Neelaiah, along with collaborators, emphasized the importance of preserving and safeguarding the environment for future generations. The participants actively contributed to the cause, resulting in a total of three students and no faculty members partaking in the event.

The key outcomes of the activity were evident in the heightened awareness among participants regarding environmental issues. The initiative successfully instilled a sense of responsibility and inspired positive action towards preserving the environment. This aligns with the college's commitment to fostering a sense of environmental consciousness among its students, contributing to a sustainable and ecologically responsible community.

8. No. of Beneficiaries : **Students: 68 Faculty: 9**

Brief Description with Outcomes:

B. Rajeswari, a Lecturer in the Chemistry department at Government College for Men (A), Kadapa, organized an environmentally conscious event titled "Environmental Sustainability Activities" during the academic year 2019-2020. The activity specifically targeted third-year UG students, focusing on creating awareness about environmental issues.

The offline event, conducted on September 12, 2019, at the college level, involved the celebration of eco-friendly Ganesh Chaturthi. Principal provided essential support for the successful execution of this initiative.

The key objective of the activity was to raise awareness about water and land pollution. Participants were encouraged to adopt eco-friendly practices, such as using clay Ganesh idols, to contribute to environmental sustainability. The collaborative effort engaged 68 students and 9 faculty members, promoting a sense of responsibility towards the environment within the college community.

The outcomes of the "Environmental Sustainability Activities" aligned with the overarching goal of instilling eco-friendly practices, making a positive impact on the students' mindset and behavior. This initiative, under the leadership of B. Rajeswari, exemplified the college's commitment to fostering environmental consciousness among its students and faculty.

Brief Description with Outcomes:

****Summary Report: Environmental Promotional Programme by NSS****

H. Sudhakara Rao, a Lecturer at Government College for Men (A), Kadapa, led the National Service Scheme (NSS) in organizing the "Environmental Promotional Programme." This college-level initiative targeted faculty members and was conducted offline on 02/09/2020. Acknowledging the support of Principal, the event aimed to celebrate Jagananna Patcha Thoranam—a government initiative promoting afforestation and greenery.

The collaboration within the college community resulted in the active participation of 15 faculty members. The Brief Description highlighted the significance of fostering environmental awareness through this government-driven initiative. Principal's support played a crucial role in successfully executing the programme.

The key outcome of the Environmental Promotional Programme was the collective effort to contribute to afforestation and environmental conservation. The event not only raised awareness about the importance of green initiatives but also demonstrated the college's commitment to participating in government-led environmental campaigns. The success of the programme showcased the college's dedication to creating a sustainable and eco-friendly campus environment.

Brief Description with Outcomes:

Dr. P. Ravi Shekar, a Lecturer in the Zoology department at Government College for Men (A), Kadapa, played a pivotal role as the organizer of the Extension Activity targeting both undergraduate (UG) and postgraduate (PG) students. The activity, conducted offline at the college level on December 2, 2021, aligned with metric 3.6.1 and was titled "Environmental Promotional Programme - National Pollution Prevention Day Awareness Rally."

In executing this impactful event, the Zoology department collaborated with the National Service Scheme (NSS) and the faculty, Department of Zoology. It is crucial to express gratitude for the unwavering support of Principal Dr. G. Ravindranath, whose encouragement significantly contributed to the successful execution of the Awareness Rally.

The Awareness Rally focused on addressing environmental concerns, particularly on the occasion of National Pollution Prevention Day. With active participation from 100 students and 10 faculty members, the rally aimed to raise awareness about pollution prevention and environmental conservation. The collaboration with NSS and the Department of Zoology exemplified a collective effort towards promoting environmental consciousness within the college community. Principal Dr. G. Ravindranath's support underscored the institution's commitment to fostering a sense of environmental responsibility among students and faculty.

6. Resource Person : **B. Rajeswari**
7. Collaborator :
8. No. of Beneficiaries : **Students: 31 Faculty: 2**

Brief Description with Outcomes:

B. Rajeswari, a Lecturer in the Chemistry department at Government College for Men (A), Kadapa, took the initiative to organize an engaging and informative activity. The event, titled "Environmental Promotional Programme" under the category 7.1.6, focused on UG students during the academic year 2021-2022.

This college-level initiative, conducted offline on December 2, 2021, involved a quiz competition centered around environmental pollution awareness. The activity aimed to promote environmental consciousness among students, aligning with the college's commitment to holistic education. Acknowledging the support of Principal Dr. G. Ravindranath, the department collaborated with no specific external entities, and B. Rajeswari served as the resource person for the quiz competition. The concise 30-minute event witnessed active participation from 31 students and two faculty members.

The key outcome of the Environmental Promotional Programme was the successful engagement of students in a quiz that not only tested their knowledge but also fostered awareness about environmental pollution. The quiz competition served as an effective tool for promoting environmental education and aligning with the college's mission of holistic development. Principal Dr. G. Ravindranath's support played a crucial role in the seamless execution of this program, reflecting the college's commitment to educational excellence and awareness.

Brief Description with Outcomes:

At Government College for Men (A), Kadapa, Dr. P. Ravi Shekar, a dedicated Lecturer in Zoology, organized an impactful event titled "Rally on National Pollution Prevention Day." This initiative, conducted at the college level on December 4, 2021, targeted faculty and third-year undergraduate students in the Zoology Department during the academic year 2021-2022. The event aimed to raise awareness about environmental issues, specifically focusing on the consequences of pollution on humans, animals, and the ecosystem. The support and encouragement of Principal Dr. G. Ravindranath played a pivotal role in the successful execution of this initiative. The Zoology Department took the lead in organizing the rally, collaborating with various stakeholders to emphasize the significance of National Pollution Prevention Day. Dr. P. Ravi Shekar, as the organizer, actively engaged faculty members and undergraduate students in the endeavor to address the adverse effects of pollution.

Brief Description with Outcomes:

Government College for Men (A), Kadapa, organized an impactful event on Environmental Sustainability Activities under the guidance of Dr. Y. Savithri, the Programme Officer for NSS. This offline activity, dedicated to World Environment Day with a theme of "Save Soil," took place at the college level on June 19, 2023. The target audience included both faculty and UG students. Principal Dr. G. Ravindranath played a vital role in supporting and ensuring the successful execution of the activity. The collaboration involved NSS, GCM(A), Kadapa, and featured Dr. G. Ravindranath as the resource person. The event focused on the importance of soil, its benefits, and its crucial role in supporting plant life. The informative briefing was conducted by Dr. G. Ravindranath.

Brief Description with Outcomes:

Ramesh Yadav, a dedicated Lecturer in Hindi at Government College for Men (A), Kadapa, took the initiative to organize an offline event titled "World Environment Day celebration." This Environmental Promotional Programme targeted second-year students in B.A, B.Com, and B.Sc and took place on 07/10/2023 at the college level. The activity aimed to raise awareness about environmental issues and promote eco-friendly practices. The successful execution of the World Environment Day celebration was made possible with the crucial support and guidance provided by Principal Dr. G. Ravindranath.
